To the me I used to be—before calling 988.	A la persona que solía ser—antes de llamar al 988.
Living in a small town, I felt like I couldn't talk to <i>anyone</i> when I was feeling anxious.	Viviendo en un pueblo pequeño, sentía que no podía hablar con nadie cuando me sentía ansioso.
But when I called 988, a real counselor talked me through a panic attack without judgment.	Pero cuando llamé al 988, un consejero real me ayudó a superar un ataque de pánico sin juzgarme.
I finally spoke up—and found my strength.	Por fin hablé—y encontré mi fortaleza.
