Young Adult <i>:30–video script</i>	
English	Spanish
To the me I used to be—before talking to 988.	A la persona que solía ser—antes de hablar con el 988.
I thought that having a bad day at work meant I was failing.	Pensaba que tener un mal día en el trabajo significaba que estaba fracasando.
But chatting with a real person at 988 helped me see that stress doesn't make me weak—it makes me human.	Pero al hablar con una persona real en el 988 entendí que el estrés no me hace débil—me hace humano.
Now I know—asking for help was the strongest thing I ever did.	Ahora sé que pedir ayuda fue lo más fuerte que he hecho.
